## 2. SOCIAL ANALYSIS

### 2.1 PROJECT DESCRIPTION

The Project Highway NH-150 has been converted as NH-29, and now onwards it will be considered as NH-29. The Project Highway starts at Teen Patti Junction, Kohiam (Nagaland) near km 3.000 and ends at its Junction with NH-202 near Jessami in the state of Manipur. The Project Highway passes through districts Kohima, Phek in the state of Ngaland and Ukhrul in the state of Manipur, and passing through important Villages/towns like Kohima, Chakabama, Kiruma, Fpsutsero, Misulumi, Enhulum, Chizami, Losami, Laniye and Jessami. The Total length of this road is about 129.110 kms.

### 2.2 IDENTIFICATION OF VILLAGES AND TOWNS

The major settlements along the project road are Chikabama, Pfutsero, Misulumi, Chizami & Jassami. The important settlements through which the road is traversing are given in **Table 2.1**.

**Table 2-1 List of Villages and Towns**

Town/Village	Existing Location (km)
Kohima	From km 3.000 to km 8.500
Chikabama	30.600
RD Block, Kiruma	49.000
Kikumar	53.500
Pfutsero	66.000
Misulumi	79.800
Enhulum	85.500
Chizami	87.600
Losami	105.500
Laniye	119.400
Jessami	From km 131.000 to km 132.000

### 2.3 OWNERSHIP OF THE PROPERTIES LIKELY TO BE AFFECTED

Out of the total 300 properties that are likely to be affected, 281 (93.67%) are private properties (properties that are owned by individuals and do not have govt. or community ownership), while 3 (1%) are religious properties, which include Church. Moreover, 5 (1.67%) Government properties and 11 (3.67%) are community structures are also likely to be negatively impacted.

1. The property falling within the corridor of impact as per its type of ownership has been documented in **Table 2.2**. List of Owners is given in **Annexure 2.1**.

**Table 2-2: Ownership of Properties likely to be affected**

Sl. No.	Type of Properties	No. of Structures within 24 mtrs (NH-29)		Total
		Left	Right	
1	Private	176	105	281
2	Religious	3	0	3
3	Government office	0	5	5
4	Community	8	3	11
Total		187	113	300

Source: Census Survey,2016

## 2.4 TYPE OF CONSTRUCTION OF THE STRUCTURES

There are pucca (25%) however 29% are kutcha structures and 46% are semi-pucca structures (excluded CPR's). The details of type of constructions of the structures are summarized in the **Table 2.3**.

**Table 2-3: Type of Construction of Structures**

Sl. No.	Type of Construction	No. of Structures within 24 mtrs (NH- 29)		Total
		Left	Right	
1	Kutcha/Thatched	56	31	87
2	Semi-Pucca	91	47	138
3	Pucca	40	35	75
Total		187	113	300

Source: Census Survey,2016

## 2.5 RELIGIOUS PROPERTIES LIKELY TO BE AFFECTED ALONG THE ROAD

The impact on religious structures is generally considered as an area of concern due to its association with the religious sentiments of the people. Details of the religious properties are given in **Annexure 2.3**.

**Table 2-4: Religious structures**

Sl. No.	Type of Religious Property	No. of Structures within 24 mtrs (NH-29)		Total	Total %
		Left	Right		
1	Church	3	0	3	100
Total		3	0	3	100

Source: Census Survey,2016

## 2.6 GOVERNMENT/COMMUNITY (CPR) PROPERTIES LIKELY TO BE AFFECTED ALONG THE ROAD

Collected data shows that there are 5 government properties that are likely to be affected due to the widening of the existing road within 20-24 meters. However, the total numbers of affected Community properties also include water tank, Toilet, market shed and government properties (Bus stop, Water Tank, Toilet) attached as **Annexure 2.4 & 2.5**.

## 2.7 SOCIAL PROFILE OF THE PAPS ALONG THE PROJECT ROAD

The purpose of our survey was to create a broad database of the affected properties as well as the project-affected persons (PAPs) in order to understand the social profile of the project-affected area. It helps to appraise the positive as well as negative change in the life style of the communities in the project influence area due to implementation of the project as an external intervention.

## 2.8 TOTAL NUMBER OF PAPS ALONG THE PROJECT ROAD

In the proposed 20-24m ROW, 475 people from 281 households will be affected and in which 51.79% are male and 48.21% are female.

This figure does not include the affected persons of those households who were not available for survey, and the family members of the wage earners. At few locations, people were even reluctant in giving the details of their families. The detail of number of PAPs enumerated has been mentioned in **Table 2.5**.

**Table 2-5: Number of PAPs along the Project Road**

Sl. No.	Category	No. of Structures within 24 mtrs (NH- 29)		Total	Total %
		Left	Right		
1	Male	143	103	246	51.79
2	Female	123	106	229	48.21
<b>Total</b>		<b>266</b>	<b>209</b>	<b>475</b>	<b>100</b>

Source: Census Survey, 2016

## 2.9 SUMMARY PROJECT IMPACTS

As per findings of the census survey of affected land and non-land assets, the project impacts can be broadly classified as (i) impacts on private land, (ii) impacts on private structures (iii) impacts on livelihoods due to loss of private properties and (iv) loss of common property resources. From the analysis of impacts, it is noted 300 structures including 281 private structures will be affected due to the widening of project road. As per the survey, total 281 household comprising of 475 people will be affected in the project. The details of project impacts are presented in the **Table 2.6**.

**Table 2-6: Summary of Project Impacts**

Sl. No.	Impacts	Number
1	Total Number of Vulnerable households affected	90
2	Total number of Affected persons (APs)	475
3	Total number of private structures affected (Excluded CPR's)	281
4	Total number of CPRs affected (including Govt. properties)	16
5	Total number of Religious properties affected	3

## 2.10 PUBLIC INFORMATION AND CONSULTATIONS

All the consultations conducted were in focus groups such as vulnerable communities, women and shop owners.

The general issues raised by the PAPs in most of these consultations were related to the compensation package, provision of safety measures (like providing speed breaker, proper signage etc.), employment generation schemes by the project authority to restore the livelihood of the affected households etc. The location wise list of participants in public consultation is given in **Annexure 2.6** and Chainagewise affected structures is given **Appendix-A\_Pkg\_2**. The location and group wise consultation details are detailed below:

### Public Consultation at Kezo Town (Kohima)

<b>Place: Kezo Town</b>	
<b>DATE: 09/09/2016</b>	<b>CHAINAGE KM: 30+000</b>
<b>Number of Participants:16</b>	<b>Time: 11:30AM</b>

#### Observations:-

Kezo Basa is a village panchayat located in the Kohima district of Nagaland state, India. The other nearest state capital from Kezo Basa is Imphal and its distance is 91.5 KM. The other surrounding state capitals are Imphal 91.5 KM., Itanagar 182.7 KM., Shillong 232.7 KM., Dispur 243.4 KM.

The surrounding nearby villages and its distance from Kezo Basa are Kezoma 0.7 KM, Mitelephe 4.0 KM, Viswema 5.0 KM, Jakhama 6.9 KM, Kigwema 6.9 KM, Khuzama 8.0 KM, Mima 8.1 KM, Phesama 9.6 KM, Chakhabama 10.0 KM, Pfuchama 11.2 KM.

#### Issues discussed:-

- Compensation to affected people
- Employment opportunity during the implementation of project
- Health & Education
- Safety issue

#### Discussion and Suggestions:

During the interaction with affected people, it was found that many residential structures set up in adjacent to project road. The people are in favour of proposed road. They also suggested for provision of drainage, toilet, bus stops facility and widening of the road within the available right of way.

#### Concluding Remarks:

During the field visit it was observed by social expert that people are little apprehensive about the project. However most of the people are in favor of limited widening of the existing road. Moreover, they shall be compensated at market rate for the loss of structures.

### Public Consultation at Mesulumi (Phek)

<b>Place: Along the road</b>	
<b>DATE: 09/09/2016</b>	<b>CHAINAGE KM: 80+000</b>
<b>Number of Participants: 19</b>	<b>Time: 4:00PM</b>

#### Observations:-

Mesulumi is a village panchayat located in the Phek district of Nagaland. The other nearest state capital from Mesulumi is Imphal and its distance is 96.6 KM. The other surrounding state capitals are Imphal 96.6 KM., Itanagar 188.3 KM., Shillong 247.9 KM., Dispur 258.2 KM. According to Census 2011 information the location code or village code of Mesulumi village is 267888. Mesulumi village is located in Chizami Tehsil of Phek district in Nagaland, India. It is situated 15km away from sub-district headquarter Chizami and 67km away from district headquarter Phek.

Mesulumi has a total population of 2,037 peoples. There are about 7 houses in Mesulumi village. Pfutsero is nearest town to Mesulumi which is approximately 7km away. The native language of Mesulumi is English and most of the village people speak English. Mesulumi people use English language for communication

#### Issues discussed:-

- Traffic flow during rush hours
- Widening of the road
- Compensation to affected people
- Employment opportunity during the implementation of project

#### Discussion and Suggestions:

During the interaction it was found that the people were open in sharing their views with social expert. Compensation is another issue which is a cause of concern for the affected people. They suggested that implementation of the project should not be taking place before adequate compensation to PAPs at market rate is not availed.

#### Concluding Remarks:

As per the observation of social scientist, widening of the existing road should be considered in this area since its impact on structures will be not very severe.

### Public Consultation at Naga Hospital Junction, Kohima

<b>Place: Naga Hospital Junction</b>	
<b>DATE: 10/09/2016</b>	<b>CHAINAGE KM: 0+050</b>
<b>Number of Participants:28</b>	<b>Time: 10:00 AM</b>

#### Observations:

Kohima, is a hilly district of India's North Eastern State of Nagaland, sharing its borders with Assam State and Dimapur District in the West, Phek District in the East, Manipur State and Peren District in the South and Wokha District in the North. As of 2011 Census, Kohima district has a population of 267,988 Males constitute 138,966 of the population and females 129,022. Kohima has an average literacy rate of 85.23%, higher than the national average of 74.04 %: male literacy is 88.69 % and female literacy is 81.48 %. In Kohima, 36,286 of the population is under 6 years of age with boys constituting 18,297 of the population and girls, 18,007.

#### Issues discussed:-

- RoW details as per revenue map and plan the widening accordingly
- Location of Bus Stop
- Compensation of structure and other properties
- Large no. of business loss will accrue

#### Discussion and Suggestions:

People of the village are in favour of improvement of the project road but they are in favour of Bypass where the SH intersect with NH-29. Compensation to the PAPs should be given in market rate not in government rate because government rate is very minimal and not adequate for restoration of livelihood. Road safety measures to be taken and indication board should be placed on the road side in market area.

#### Concluding Remarks:

Bypass would be a better option to avoid the destruction of structures on the Kohima market area. Compensation should be appropriate for restoration of livelihood for the PAPs. There should be road safety measures on the road side to prevent the road accident in market area.

### Public Consultation at Pfutsero (Phek)

<b>Place: Market,Pfutsero</b>	
<b>DATE: 10/09/2016</b>	<b>CHAINAGE KM: 68+000</b>
<b>Number of Participants:31</b>	<b>Time: 1 PM</b>

#### Observations:

The Block with its head office (BDO's Office) in Pfutsero town comprises of 19 villages. This block headquarter, Pfutsero town situated 2133.60 metres above sea level is the highest town in Nagaland. The population of this block is 32,014 (Census 2001, Provisional) comprising of the Chakhesang tribe. The spoken language is "Khezha " and "Chokri". The main festivals in this block are "Sukrunyi" celebrated by the Chokri community on 15th January and "Tsukhenyie" celebrated by the Khezha community on 6th May. , Climatic is cold through most part of the year. Agriculture is the main occupation of the people of this Block. Rice (Terrace Rice Cultivation) is the main crop cultivated

#### Issues discussed:-

- Drainage system
- Transportation & Communication system
- Provision of Speed Breaker
- Health & Education Facility

#### Discussion and Suggestions:

People of the village area are in favour of proposed bypass but they are worried about their livelihood due to destruction of their structures as well as agricultural fields due to widening of the project road up to 24 mtrs. Road safety measures to be taken and indication board should be placed on the road side in village area.

#### Concluding Remarks:

Widening of the road within existing road right of way would be a better option for the villagers. Compensation should be appropriate for restoration of livelihood for the PAPs.

### Public Consultation at Jessami (Ukhrul)

<b>Place: Near Jessami chowk</b>	
<b>DATE: 11/09/2016</b>	<b>CHAINAGE KM: 131+900</b>
<b>Number of Participants: 15</b>	<b>Time: 4:30PM</b>

#### Observations: -

Jessami is a town in Ukhrul district, Manipur, India. Jessami is a border town in the extreme north of Manipur State and borders with Meluri, a border town of Nagaland State. Being nearer to Nagaland, the town earlier used to get electricity from Nagaland. It is located at an elevation of 1218 m above MSL. Jessami is a large village located in Ukhrul North of Ukhrul district, Manipur with total 558 families residing. The

Jessami village has population of 2765 of which 1522 are males while 1243 are females as per Population Census 2011. In Jessami village population of children with age 0-6 is 392 which makes up 14.18 % of total population of village. Average Sex Ratio of Jessami village is 817 which is lower than Manipur state average of 985. Child Sex Ratio for the Jessami as per census is 1000, higher than Manipur average of 930.

Jessami village has lower literacy rate compared to Manipur. In 2011, literacy rate of Jessami village was 76.74 % compared to 76.94 % of Manipur. In Jessami Male literacy stands at 82.96 % while female literacy rate was 68.86 %.

#### Issues discussed:-

- Avoid of demolition of religious structures
- Fair compensation
- Involvement of local authorities
- Employment of local people during construction of the road

#### Discussion and Suggestions:

During the consultation few members suggested that it would be better if RoW should reduce. They don't want to relocate their Church. They also demanded for fair treatment in compensation during implementation of the project. Employment of local unemployed people should be given priority during the construction of the road.

## **2.11 SUMMARY OF CONSULTATIONS**

Participants expressed their opinion, concern and suggestions in a free and frank manner. In general all stakeholders including likely project affected persons were in favour of the proposed project. However, participants expressed concerns with regard to compensation, provision of drainage, safety, provision of bypass, etc. People opined that proposed project will improve connectivity to various places and save time and money. Issues and concerns raised by participants were mostly common which includes compensation as per prevailing market rate, provision of drains, likelihood of increased number of accidents, provision of speed breakers, etc. Women were found concerned about the widening of the existing road, especially the high speed vehicles and likely accidents. They also felt that crossing to the other side of the road for various purposes including taking animals to the grazing land and accessibility to agricultural land is difficult.

## **2.12 RESETTLEMENT POLICY AND LEGAL FRAMEWORK**

The policy frame work and entitlements for the project are based on the national law The Right to Fair Compensation and Transference in Land Acquisition ,Rehabilitation and Resettlement Act,2013, (LARR 2013) its 2014 Ordinance.

### **A. The Right to Fair Compensation and Transparence in Land Acquisition, Rehabilitation and Resettlement Act, 2013**

The Right to Fair Compensation and Transparence in Land Acquisition, Rehabilitation and Resettlement Act, 2013 has been effective from January1,2014 after receiving the assent of the President of Republic of India. This Act extends to the whole of India except the state of Jammu and Kashmir. The Act replaced the Land Acquisition Act, 1894. The Act has since late December 2014 been amended to make it more flexible and the description of the amendment is described below.

The aims and objectives of the Act include is to ensure, in consultation with institutions of local self-government and Gram Sabhas established under the Constitution of India, a humane, participative, informed and transparent process for land acquisition for industrialization, development of essential infrastructural facilities and urbanization with the least disturbance to the owners of the land and other affected families. It provides for compensation and resettlement assistance to the affected families whose land or other assets are affected by the project. A few of key features that are revised from the old Act include the recognition of non-title holders to compensations if they have lived in the area proposed to be acquired in the past three years as well as compensations for loss of livelihood.

Section 26 of the Act defines the method by which market value of the land shall be computed under the proposed law. Schedule I outlines the proposed minimum compensation based on a multiple of market value. Schedule II through VI outline the resettlement and rehabilitation entitlements to land owners and livelihood losers, which shall be in addition to the minimum compensation per Schedule I.

An Amendment Ordinance to the Act was promulgated on December 31, 2014. The Ordinance provides exemptions for five categories of projects from the certain requirements: (i) Defence; (ii) Rural infrastructure; (iii) Affordable housing; (iv) Industrial corridors; (v) Infrastructure projects including Public Private Partnership (PPP) projects where the central government owns the land. These 5 categories of projects are exempted from the requirement of consent of 80% of land owners to be obtained for private projects and that the consent of 70% of land owners be obtained for PPP projects as well as conducting the Social Impact Assessment through a notification.

## **2.1 RESETTLEMENT FRAMEWORK PRINCIPLES AND ENTITLEMENT MATRIX**

Based on the above analysis of government provisions, the following key resettlement principles, definitions and Entitlement Matrix have been adopted for the Project.

### **A. KEY RESETTLEMENT PRINCIPLES**

- (i) land acquisition, and other involuntary resettlement impacts will be avoided or minimized exploring all viable alternative sub-project designs;
- (ii) where unavoidable, time-bound resettlement plans (RAPs) will be prepared and APs will be assisted in improving or at least regaining their pre-program standard of living;
- (iii) consultation with APs on compensation, disclosure of resettlement information to APs, and participation of APs in planning and implementing sub-projects will be ensured;
- (iv) vulnerable and severely affected households will be provided special assistance;
- (v) payment of compensation to APs including non-titled persons (e.g., informal dwellers/squatters, and encroachers) for acquired assets at replacement rates;
- (vi) payment of compensation and resettlement assistance prior to the contractor taking physical acquisition of the land and prior to the commencement of any construction activities;
- (vii) provision of income restoration and rehabilitation;
- (viii) Establishment of appropriate grievance redress mechanisms.

### **B. KEY WORKING DEFINITIONS**

**Cut-off dates:** For Titled-Holders, the cut-off date will be the date of publication of preliminary notification for acquisition under Section 4(1) of the RFCT in LARR Act, 2013. For non-titleholders such as squatters, the cut-off date will be the start date of the project census survey as per the final detailed design or updated census survey during RP implementation.

**Vulnerable Affected Households:** Vulnerable Households are defined as affected families who are: (i) below the national poverty level; (ii) headed by women and below the average income of affected households; (iii) headed by disabled or elderly and below the average income of affected households; (iv) scheduled tribes and marginalized scheduled castes.

**Severely Affected Households:** Any household, who, as a result of the project loses 10% or more of its productive assets or physically displaced.

### C. ENTITLEMENT MATRIX

All persons affected by the project and meeting the cut-off date requirements will be entitled to a combination of compensation packages and resettlement assistance depending on the nature of ownership rights on lost assets and scope of the impacts:

- Compensation for the loss of land ,crops/trees at their replacement cost;
- Compensation for structures (residential/ commercial) and other immovable assets at their replacement cost;
- Assistance in lieu of the loss of business/ wage income and income restoration assistance;
- Assistance for shifting and provision for the relocation site (if required), and
- Rebuilding and/ or restoration of community resources/facilities
- Additional Support to Vulnerable Families

An **Entitlement Matrix**, delineated in **Table 2.7** has been developed to summarize entitlements.

**Table 2-8. Entitlement Matrix**

All awards below shall be exempt from income tax, stamp duty and fees.

Sl.No.	Application	Definition of Entitled Unit	Entitlement	Details
<b>A. Loss of Private Agricultural, Home-Stead &amp; Commercial Land</b>				
1	Land for Highway Project	Titleholder family. and families with traditional land Right	Compensation at Market value, Resettlement and Rehabilitation	a) Land for land, if available. Or, Cash compensation for the land at Market value, which will be determined as provided under section 26 of RFCTLARR Act 2013. b) The land if allotted will be in the name of both husband and wife. c) If post acquisition,

Sl.No.	Application	Definition of Entitled Unit	Entitlement	Details
				<p>residual land is economically unviable, the land owner will have the choice of either retaining or sell off rest of the land.</p> <p>d) Refund of stamp duty and registration charges incurred for replacement land to be paid by the project; replacement land must be bought within a year from the date of payment of compensation to project affected persons.</p> <p>e) Subsistence allowance of Rs. 36000 as one time grant</p> <p>f) One time grant of Rs. 500,000 or annuity</p> <p>g) Compensation at market value for loss of crops if any</p>
<b>B. Loss of Private Structures (Residential/Commercial)</b>				
2	Loss of Structure	Title Holder/ Owner	Compensation at Market value, Resettlement & Rehabilitation Assistance	<p>a) Cash compensation for the structure at Market value which would be determined as per as per section 29 of the RFCTLARR Act 2013. House under Indira Awas Yojna in rural area or Rs 50000 in lieu off and house under RAY in urban area or Rs 100,000 in lieu off. The house if allotted</p>
